Chisholm Institute Wi-Fi – Apple iPad 2

The Chisholm Institute Wireless network (Wi-Fi) is a service provided for Students, Staff and Institute Guests. The service offers the ability to connect to the internet without cables in a variety of non-traditional locations such as cafeterias etc.

iPhone Wi-Fi Settings

1. Open your iPad Settings by pressing the Settings icon on your iPad. See (Fig 1)

![Open iPad Settings](image-url)
2. You will need to enable your iPad Wi-Fi under Settings. Using your finger select the Wi-Fi to open the Wi-Fi settings. See (Fig 2)

![Fig 2](image1)

3. Using your finger slide the Wi-Fi from off to on. See (Fig 3)

![Fig 3](image2)

Choose a Network

4. Using your finger select the appropriate network. See (Fig 4)

**Note:** Students will need to select the CIT-STUDENT network from the list.

![Fig 4](image3)
In order to connect to the Wi-Fi network each user will need to enter their login information. Students will need to login using their student number.

5. After selecting the appropriate network you will be prompted to enter a network username and password. See (Fig 5 & 6)

Once you have entered your username and password you should be connected to the Chisholm Institute Wi-Fi network.
iPad network Proxy settings

Users will need to ensure they have the correct proxy settings before being able to browse the internet.

6. Under your iPad Wi-Fi networks using your finger press the blue icon next to the CIT-STUDENT network connection. See (Fig 7)

7. Scroll down the page to HTTP Proxy. See (Fig 8)
8. Set authentication to 'ON' See (Fig 9)

Enter Chisholm network Username and Password
